- ✓ No Heavy Salt Bags to Buy or Carry
- ✓ Dependable Culligan Man Service
- ✓ 100% Satisfaction Guarantee

Trust The Water Experts®

So much better with soft water... ...so much easier with Culligan!

Enjoying all the benefits of soft water might be easier than you think. With Culligan® Portable Exchange Service, your Culligan Man® does all the work for one all-inclusive monthly fee. All you do is enjoy.

First your Culligan® dealer installs a water conditioner with the capacity to meet your needs. Then he returns as scheduled to remove the softener tank and replace it with a fresh recharged unit. In minutes, it's done, and luxurious soft water continues to flow to every faucet in your home. It couldn't be easier.

Whether or not your community regulates softener use, Culligan Portable Exchange Service is a smart, environmentally conscious way to enjoy all the benefits of soft water.

- ✓ Showers and baths feel more pleasurable. Your skin and hair feel cleaner. Even shaving is easier.
- ✓ Laundry rinses softer, comes out brighter and cleaner, and you use less detergent.
- ✓ Dishes and glasses have no soapy film and fewer water spots.
- ✓ Plumbing and appliances such as water heaters, dishwashers, washing machines, and humidifiers all work more efficiently. In particular, water heating costs can be significantly reduced.
- ✓ You'll use less soap, cleaners, shampoo, conditioners, rinses and fabric softeners, saving you money on your cleaning products.

The Preferred Solution

For some in California, Culligan® Portable Exchange Service is now the only way to enjoy soft water. To reduce water pollution, some communities have instituted bans on the installation of automatic water softeners. In those cities, Culligan Portable Exchange Service represents an approved alternate water conditioning method.

Surprisingly Affordable

With so many soft water benefits and the convenience of in-home service, you might expect Culligan® Portable Exchange Service to be a luxury beyond your reach. In fact, our low monthly rental rates are very affordable, especially when you consider the cost savings of using less energy and cleaning products. You can enjoy the luxury of Culligan® soft water without busting your budget.

Trust the Water Experts®

At Culligan, we understand that a water quality improvement is an investment in your family. That's why our 1,100 dealers and licensees worldwide don't just sell products—they sell quality water you can count on. We stand behind our products and services with comprehensive limited warranties and unequalled Culligan service and dependability.

First offered in 1936, our Portable Exchange Service is what made Culligan a household name. It's still a great idea, so just call and say *"Hey Culligan Man!"*
